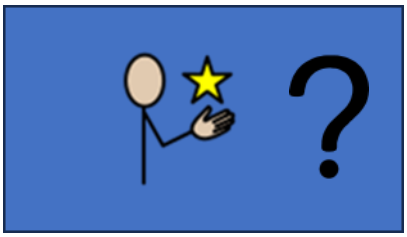
Community Learning Disability Team

Specialist PMLD Doctor

Introducing Our Service

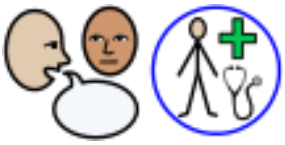


What things can we help you with?

Our team has a Profound and Multiple Learning Disability (PMLD) Specialist GP.

They work closely with the Nursing Team to support your health needs.

Caring, Learning
& Growing Together



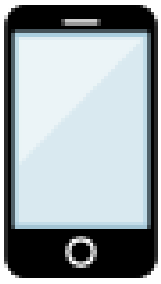
We can work with your own GP to give extra support if:

- you have Profound and Multiple Learning Disabilities

AND

- you are registered with a GP in Hull.

Anything else?



Please contact 01482 336740 if you think you or your family member would benefit from our support.
