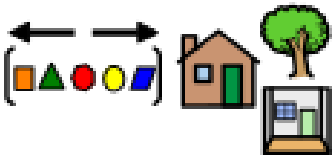
Introducing Our Service

What can clients expect from our service?

We help people take part in everyday activities.

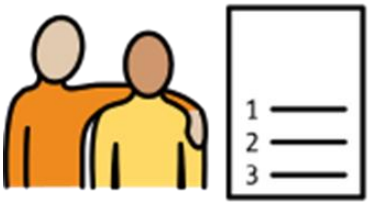
We work with people to help them take part in daily activities that are important to them.

Caring, Learning & Growing Together

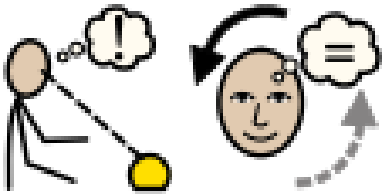


This can be in different environments including home, college, work and in the community.

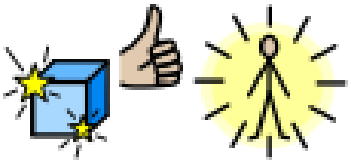
We are practical.



All visits are person centred. This means we work with you to decide on goals and make a plan for your care.



Our care focuses on problem solving, making adaptations, overcoming barriers and positive risk taking.

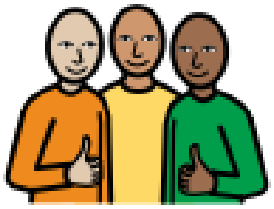


We are passionate about promoting people's participation, independence and quality of life.

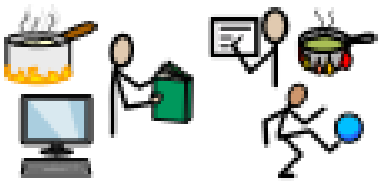
We have Teams in Hull and East Riding.

<u>What things can we help you with?</u>

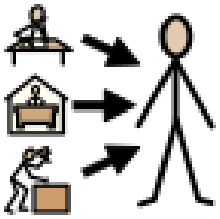
We can help you be more independent. We can help you:



Make friends



Do activities

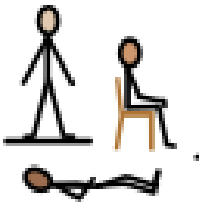


Get a job

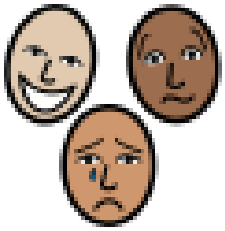
Look after yourself

Access the community

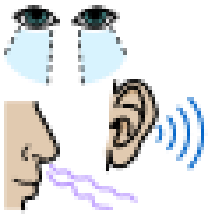
Be safe



Offer assessment to support your postural needs



Manage your emotions



Assess and support your sensory needs

Meet your moving and handling needs

Review your environment

Choose the right equipment

Move from child to adult services
